FINANCE DEPARTMENT.

PENSIONS AND GRATUITIES—FUNDS, SERVICE AND OTHER.

Simla, the 14th April 1921.

No. 792-F.E.—The following is added as rule 21-A. of the General Provident Fund Rules, published with Resolution No. 1298-F.E., dated the 12th August 1919 :—

NOTE.—The provisions of Rule 21-A apply only to subscribers joining the Fund after the 1st of September 1919.

21-A (a) A bachelor subscriber to the Fund may substitute, for subscriptions to the General Provident Fund, payments towards any policy of assurance effected on his own life, provided that, if such policy matures, not at death, but after a period of years, the date of maturity may not be earlier than the earliest date on which the subscriber may, by the terms of his service, retire.

(b) A married subscriber to the Fund may substitute, for subscriptions to the General Provident Fund, payments towards either (*i*) a policy of assurance effected on his own life, if the policy, on the face of it, is for the benefit of his wife or of his children or of any or all of these, provided that, if such policy matures, not at death, but after a period of years, the date of maturity may not be earlier than the earliest date on which the subscriber may, by the terms of his service, retire; or (*ii*) any policy of assurance effected on his own life which he has assigned to trustees by a deed of settlement for the benefit of his wife or of his children or of any or all of these.

(c) A married subscriber to the Fund may substitute, or continue to substitute, as the case may be, for contributions to the General Provident Fund, payments towards a policy of assurance on his own life to which he has already been subscribing, provided that he either (*i*) assigns his existing policy to trustees by a deed of settlement for the benefit of his wife or of his children or of any or all of these; or (*ii*) converts his policy into a policy of assurance effected on his own life, but expressed on the face of it to be for the benefit of his wife or of his children or of any or all of these, provided that if such policy matures, not at death, but after a period of years, the date of maturity may not be earlier than the earliest date on which he may, by the terms of his service, retire; or (*iii*) converts his policy into any policy of assurance effected on his own life, and then assigns it to trustees by a deed of settlement for the benefit of his wife or of his children or of any or all of these, and provided that if he has, as a bachelor, been substituting for contributions to the Fund payments towards such policy of assurance, then such assignment, conversion or conversion and assignment, shall be effected before or within three months after his marriage.

NOTE (1).—If upon the conversion of an existing policy any portion of the surrender value of such policy is not applied in effecting the new policy such portion shall be paid or repaid to the Fund and placed to the credit of the subscriber's account.

NOTE (2).—It is brought to the notice of all subscribers that the settlement of a policy of assurance upon a wife, if effected after marriage, does not receive the same protection in law as if effected before marriage, so that members who desire to take advantage of the provisions contained in sub-rules (b) (*ii*), (c) (*i*) or (*ii*) (*iii*) above should, in their own interests, do so if possible, *before* marriage.

The following conditions shall be fulfilled :—

(1) If the subscriptions or payments to be so substituted shall be of less amount than the minimum subscription under Rule 7 of these Rules, the deficiency shall be paid by the subscriber as a subscription to the General Provident Fund.

(ii) Government will not make payments on behalf of subscribers to insurance companies nor will they take steps to keep the policy alive. If a subscriber records on his salary bill that he is making payments to an insurance company of not less amount than the minimum subscription prescribed in Rule 7 of these Rules the account officer will content himself by demanding periodically to see the receipts or certified copies of the receipts showing that such payments have been made. Failing such receipts he will order the necessary deduction to be made from the subscriber's salary and placed to his credit in the provident fund. Should subscribers prefer to do so, they may make the usual deduction from their pay bills for credit to the provident fund and arrange with the account officer to draw from the fund, at stated intervals, the sums necessary to pay quarterly, half-yearly, or yearly premia.

(iii) Subject to the foregoing, any sums already at the credit of the subscriber to the provident fund may be withdrawn for payment of premia or for the purchase of a single payment policy; but the utilization of sums already at credits will not relieve the subscriber from continuing to make the usual deduction from his current salary within the usual limits prescribed in Rule 7 of these Rules except when the subscriber is on leave and exercises the option allowed by Rule 8 to discontinue subscriptions.

(iv) In the event of a policy of assurance, any payments for premia on which shall have been substituted for contributions to, or withdrawn from accumulations in, the General Provident Fund, being allowed to lapse, the amounts of the payments or subscriptions so substituted or withdrawn, as the case may be, shall with interest thereon be paid or repaid, as the case may be, by such subscriber to the account officer and may in default be deducted from such subscriber's salary

Acting Secretary to Government.

The following allowances are admissible: (i) insurance premia less discount (ii) interest paid to mortgagee, (iii) ground rent, (iv) land revenue, (v) vacancies (if house is unoccupied), (vi) collection charges, (vii) one-sixth of *bona fide* annual value if owner is responsible for repairs or difference between such value and rent up to one-sixth of such value if tenant has undertaken to bear repairs.

If in any case the space provided is not sufficient the additional information should be entered on a separate sheet which should be attached to the return.

All explanations and vouchers which the assessee wishes to put in should be attached separately to this return.

repairs to plant, (v) money written off as depreciation at the rates allowed by Government, (vi) interest paid on capital borrowed for the purposes of the business, the payment of which is not dependent on the earnings or profits.

All other expenses not incurred for earning the profits including such expenses as interest on own capital, personal drawings, bad debts not written off, adjustments for previous losses, insurance against future loss, payments of income tax, supertax and profession tax payments for charity, capital expenditure are inadmissible.

To draw up a correct balance sheet and from it a true profit and loss statement it is essential that the assets of the business should be capable of proper valuation.

(e) Only expenditure incurred solely for the purpose of the profession can be allowed. Capital and personal expenditure is inadmissible.

(f) Includes income not already included under the previous heads, e.g.,

(i) Dividends from Joint Stock Companies registered in India, (ii) interest on mortgages, loans, fixed deposits, current accounts, sinh debentures, etc., (iii) income from sources outside British India which accrues or arises in British India including dividends, pensions and income from agricultural land not paying land revenue to the British Government, (iv) share in joint family income, (v) ground rent, (vi) income from house property let out for business purposes, (vii) profits from transactions whether in partnership with others or not which have not been entered elsewhere in this return, (viii) examination fees, director's fees, commission, etc., which have not been taxed at the source.

Note.—(1) If the tax has been paid by the Company the fact should be noted.

(2) Ground rent includes all rent derived from land, (i) not used for agricultural purposes, or (ii) not paying land revenue or any local rate to Government.

(g) Subscriptions to Provident Funds will not be allowed as deductions unless they have been paid to a Provident Fund to which the Provident Funds Act, 1897, applies, or to a Provident Fund which complies with the provisions of the Provident Insurance Societies Act, 1912, or has been exempted from the provisions of that Act. The total allowance admissible under these heads must not exceed one-sixth of the income.

To obtain abatement of tax on these amounts (which must not be deducted from the amounts shown in column 2) the original receipts or duly certified duplicate copies or certificates must be produced for check and return

GENERAL INSTRUCTIONS.

The college affords theoretical and practical instruction in subjects appertaining to the veterinary profession with the object of training men for service under Government, municipalities, local board or private employers. The staff of the college consists of a Principal, an Assistant Principal, three lecturers, two assistant lecturers and a subordinate establishment. The responsibility for the discipline and management of the college is vested in the Principal who is under the control of Government in the Development Department. Full clinical and other facilities are afforded to meet the education requirements of students preparing for the diploma in Veterinary Science. A veterinary hospital, museum, library, shoeing forge and students' hostel are attached to the college.

2. Candidates are eligible for admission without distinction of caste or nationality. They must not be under 18 years of age at the commencement of the term for which admission to the college is desired. In ordinary circumstances, no person over 22 years of age will be admitted as a free student. Students are admitted to the college by selection which will be made by the Principal. Applications for admission should be made in writing in the prescribed form printed at the end, and they should be submitted so as to reach the Principal not later than the 24th June of each year and should be accompanied by the following certificates:—

(a) of age,

(b) of physical fitness and moral character,

(c) that the applicant has passed the Matriculation Examination of an Indian University under the old regulations or that he has obtained 45 per cent of marks in English and 35 per cent in other subjects in the School Final Examination, except in the case of Europeans and Eurasians who may be admitted, though unpassed at the discretion of the Principal. In the case of Muhammadan students, 30 per cent of marks in English and 25 per cent in Mathematics and a Vernacular in the School Final Examination will be accepted as sufficient for admission.

3. In the event of a candidate being selected, he will be served with a special notice informing him of the particular day and hour when and the place at which he should present himself for personal selection. Candidates when admitted will be considered to be on probation for the first two months of the course and may be removed if found to be not satisfactory.

4. *Course of study and curriculum of instruction.*—The course of study for the diploma ordinarily extends over three years. The students of each year's course form a separate class. The number of students in each class is ordinarily limited to 30. Government have temporarily raised this number to 40 for five years commencing from 1921. Promotion from one class to another is made with reference to the results of the annual examinations. A student of the second or third year class who fails in the annual examination for two consecutive years and a student of the first-year class who fails in the annual examination at the end of the first year shall be dismissed.

The curriculum of instruction is as follows:—

(i) *First year*—

(1) Anatomy (up to Arthrology), (2) Elementary Chemistry; (3) Elementary Botany; (4) Materia Medica; (5) Handling of animals; (6) Pharmacy (Theoretical and Practical).

During this year students are given practical instruction in nursing, dressing, handling, casting and securing animals as well as in the names of the instruments and appliances used in ordinary practice.

(ii) *Second year*—

(1) Anatomy (the whole, including Comparative Anatomy); (2) Physiology; (3) Hygiene including Breeding and Rearing; (4) Principles of Horse-shoeing; (5) Theoretical Veterinary Medicine and Surgery; (6) General nursing and instructions in the use of instruments and appliances.

During this year students are required to perform the duties of clinical clerks and dressers, to perform operations on dead subjects, and afterwards on living animals, to conduct post-mortem examinations and generally to carry out practically all the duties appertaining to their profession. Students who hold the diploma in Agriculture are not required to attend the first year's course of study, but are examined in the subjects of both the first and second year courses at the end of their first year of attendance at the Veterinary College.

Students who have passed in Chemistry or Botany in the Intermediate or B.A. Examination need not attend the course in Elementary Chemistry or Botany, as the case may be, at the Veterinary College.

All students are required to undergo a course of equitation and gymnastics. A student absenting himself without leave from a lecture or from a practical gymnastic or riding class is liable to be fined.

5. The tuition shall be free to all students who execute an agreement binding themselves to serve Government for five years, if required, after completing their course in the college satisfactorily. All others will be required to pay tuition fees in advance of each term at the rate of Rs. 400 per annum. A fee of Rs. 2 per term is also payable by each student, whether free or paying, to meet the cost of sports.

6. Government ordinarily allot thirty scholarships in each class annually, two of the monthly value of Rs. 20 each, which will be reserved for graduates of a University preferably those who have taken a Science degree, and the remaining twenty-eight of the monthly value of Rs. 15 each, but they reserve the right to decrease the number or alter their value, if necessary. The number of scholarships on Rs. 15 per mensem has been temporarily raised from 28 to 38. Five out of the 40 scholarships will be reserved for Muhammadan students. Scholarships in the first year will be awarded by the Principal on the results of the first three monthly examinations. Scholarships tenable in the second and third years are ordinarily allotted on the results of the monthly and annual examinations.

A student already in the enjoyment of a scholarship from a local body or a private person is not eligible for a Government scholarship. All scholarships are conditional as the good behaviour of the holders. Students who are in the enjoyment of the Government scholarships are required to refund the amount which they have received as stipends and also to pay tuition fees at the rate of Rs. 400 per annum, if they leave the college without sanction or are expelled for misconduct.

7. *Terms and term-tests.*—Each year comprises two sessions—an autumn one from July to December and a spring session from January to March. Tables of the times and subjects of lectures to which both teachers and students should adhere will be posted on the notice board at the commencement of each term.

8. *Vacations and holidays.*—(i) In addition to the miscellaneous public holidays, the students are allowed the following vacations and holidays:—

Midsummer vacation (three months).
Michaelmas holidays (one week).

Students are required to attend hospital cases in turn during vacations.

(ii) Leave of absence is granted by the Principal only. Scholarship holders may, at the discretion of the Principal, be granted casual leave, with allowances for not more than five days at a time or two days in the year, but no casual leave will be granted in continuation of other holidays with allowances. Any further leave to scholarship holders except such leave for a month will be subject to stoppage of scholarship. Leave of absence in each case of illness will be recognised only on the production of a certificate from a duly qualified medical practitioner.

9. *Examinations.*—Examinations are conducted orally and are held annually in March in all the classes. For admission to the examination candidates must have studied at the college for such times as may be prescribed and have attended at least three-fourths of the year's lectures and have done practical work in their respective classes.

10. *Diplomas and certificates.*—A diploma as graduate in Veterinary Science is awarded to students who have gone through the full course of three years' study at the college and have passed the final examination.

Such of the students as are elected clinical clerks and prosectors and perform their duties satisfactorily are, in addition, awarded special certificates on passing the final examination.

11. *Miscellaneous.*—The hostel attached to the college provides accommodation for 48 students. Students are at liberty to make their own arrangements as to their board and lodging. A monthly rent of Rs. 2 for a single room in the new extensions and Rs. 3 for a single room and 12 annas for a double room (i.e., a room accommodating two students), in the old block will be charged to each student who elects to take up his lodging in the college hostel.

MADRAS MEDICAL COLLEGE—SESSION, 1921-22.

1. The Autumn Session of the Madras Medical College will commence on Monday the 4th July 1921.

2. The following are eligible for admission into the M.B. & B.S. class:—

(a) Graduates and candidates who have passed the Intermediate Examination in Arts of the Madras University.

(b) Those who have passed an examination accepted by the Syndicate of the Madras University as equivalent to above, or one of the examinations which are recognized by the General Medical Council of Great Britain as a sufficient test of preliminary education for the commencement of medical study.

(c) B.A. (Science) and B.Sc. Graduates of the Mysore University who have taken Physics, Chemistry, Biology or Mathematics for their degree course.

(All first-year students of the University class must enter for the M.B. & B.S. degree.)

Owing to the limited accommodation at the Medical College preference in the selection of candidates will be given to those who have passed the B.A. Degree Examination in Science, then to those who have passed the Intermediate Examination of the Madras University in Group II or in Group I (those who passed in a classical or classical oriental language being selected first). In the case of graduates in Arts a pass in classical language will not be required. But as the Madras University accepts at present an unconditional pass in the Intermediate Examination in Arts as sufficient qualification for the commencement of medical studies, those who have not passed in a classical language will also be admitted if vacancies permit, but such candidates will be seriously handicapped should they wish to proceed to Europe for further study and the degrees they may subsequently obtain will not be registrable outside India.

3. The curriculum for M.B. & B.S., L.M. & S. and for women entering the Apothecary department extends to five years.

4. Women candidates who have passed the Matriculation Examination of the Madras University, the European High School Examination or who have obtained the best Secondary School-Leaving Certificate (with optionals other than shorthand and typewriting) are eligible for admission to the Apothecary department. This department is closed to male private candidates.

5. The fee for each year of the M.B. or L.M. & S. is Rs. 125 (including the registration fee of Rs. 5) for males.

Women students pay only Rs. 5—the registration fee—each year, tuition being free for all classes. Duffarin stipendiaries are exempted from the registration fee.

6. Applications from intending candidates must be made to the Principal on forms which can be obtained from the Senior Assistant, Medical College, *till the 3rd June* on sending a stamped and addressed envelope. The applications with the following documents (in original) attached thereto will be received by the Principal up to 15th June next:—

(1) Qualification certificate. In case of passing the recent University examinations, quote year, register number and group; (2) Conduct certificate; (3) Transfer (or leaving) certificate; (4) Vaccination certificate; (5) Permission from the superior officer (if in public service).

N.B.—In the case of applications for the M.D., a deposit fee of Rs. 10 should be paid by all male candidates into the nearest Government treasury to the credit of "Medical College Fees" and the treasury receipt sent with the application. NO APPLICATION WILL BE REGISTERED UNLESS ACCOMPANIED BY THE TREASURY RECEIPT. The deposit fee will be allowed to count towards the college fees in the case of candidates who are selected. The deposit fee will be returned to candidates not selected but will be forfeited in the case of selected candidates who do not join.

7. Applications defective in any way, *or which are received after the 15th June*, will be rejected. No candidate will be admitted pending production of any of the required certificates.

8. The prescribed fee should be paid immediately after notice of selection has been received, into the nearest Government treasury to the credit of "Medical College Fees" and the treasury receipt sent to this office. The Principal will in no case receive the fees.

9. *Selection will be entirely according to merit. Personal recommendations will receive no attention.* As priority of applications are not considered, no application need be sent pending results at the University examinations. Intimation of selection may be expected by candidates in the third week of June.

10. If a selected candidate fails to join the Medical College on or before the 9th July 1921, his seat will be filled by another candidate.

No allowance will be made for under-sized, wormed or defective shells whichever heap they may be found in. The purchase of the shells shall be at the sole risk of the purchaser and the Government accept no responsibility as regards the failure of any of the shells to come up to the specification. Every reasonable endeavour will however be made to ensure that the full-sized shells be not less than 2½ inches in diameter but no guarantee is given. Tenderers must state that they understand and accept these conditions. No sorting of the shells will be made other than into (a) full-sized, (b) under-sized, and (c) wormed.

No. 476.—In exercise of the powers conferred on them by sections 47 (1) and 19 of the Madras Local Boards Act, 1920, the Local Government are hereby pleased to make the following rules for the election of members of district boards by taluk boards :—

Rules for the election of members of district boards by taluk boards.

1. The president of a district board shall intimate to the taluk board concerned the number of seats on the district board which it has to fill up by election and shall call upon it to report the name or names of the candidates elected.

2. The president of the taluk board shall thereupon summon a meeting of the taluk board for the purpose of proceeding with the election.

3. Every candidate for election shall be proposed by one member and seconded by another. The names of all the candidates proposed and seconded shall be read out by the president or the presiding member.

4. If the number of candidates nominated is equal to the number of vacancies all such candidates shall be deemed to be duly elected.

5. If the number of such candidates is less than the number of vacancies all such candidates shall be deemed to be duly elected and the president shall call for fresh nominations or call for another meeting for filling up the remaining vacancy or vacancies.

6. If there are more candidates than there are vacancies the votes of the members present at the meeting shall be taken.

7. Every member wishing to vote shall be supplied with a voting paper on which the names of all taluk board members who are not salaried officers of Government other than village headmen shall be printed or typed in the following form :—

	Name.	Vote.
1.		
2.		
3.		

Before the voting paper is handed over to the voter, the president or presiding member shall score out therefrom the names of members of the taluk board who have not been duly proposed and seconded as candidates. The voter shall then proceed to the place set apart for the purpose and there place a mark (×) against the name of the candidate or candidates for whom he wishes to vote. He shall then fold up the slip so as to conceal his vote and deposit the same in a ballot box placed in the view of the president or the presiding member and so constructed that the paper may be placed therein but not extracted therefrom without the box being opened. The president or the presiding member shall then open the box and count the votes in the presence of the members.

8. The candidate who obtains the largest number of votes, and, if the vacancies are more than one, as many of the candidates at the top of the poll as there are vacancies shall be declared to have been duly elected. If there is an equality of votes between any two or more candidates the president or presiding member shall decide by drawing lots which candidate shall be deemed to have been elected. The election shall be notified in the *Fort St. George Gazette*.

9 Members of the taluk board who have been duly proposed and seconded as candidates may also take part in the ballot.

10. Any voting paper which contains the signature of any of the voting members or on which the mark (×) is placed against more candidates than there are vacancies shall be invalid.

11. Immediately after the meeting the president or the presiding member shall—

(i) forward the names of the elected candidates to the Superintendent, Government Press, for publication in the *Fort St. George Gazette*, and

(ii) forward to the president, district board, a statement showing

(*a*) the date of the meeting,

(*b*) the names of the members present,

(*c*) the names of the proposer and seconder of each candidate, and

(*d*) the number of votes secured by each candidate, in cases where there were more candidates than the number of vacancies.

12. (1) The president or presiding member shall then seal up the ballot papers, whether counted or rejected, and note on each packet the number of papers it contains and the election to which it relates.

(2) These packets shall not be opened and their contents shall not be inspected or produced except under the orders of a competent court.

(3) The packets shall be retained in safe custody in the office of the taluk Board concerned for a year and shall then, unless otherwise directed by the orders of a competent court, be destroyed.

Supplement.

Bill No. 4 of 1921.—The Madras City Municipal (Amendment) Bill, with Statement of Objects and Reasons—Tamil, Telugu and Hindustani.

Bill to be introduced into the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 20 of the Madras Legislative Council rules the following Bill, together with the Statement of Objects and Reasons, is published for general information :—

BILL No. 4 OF 1921.

A Bill to amend Madras Act No. IV of 1919.

WHEREAS it is expedient to amend the Madras City Municipal Act of 1919; It is hereby enacted as follows :—

1. (1) This Act may be called the Madras City Municipal Amendment Act of 1921.

(2) It shall come into force immediately.

2. In section 13 of Part V of Schedule IV of the said Act the word "and" at the end of clause (a) (ii) and the whole of clause (b) with its proviso and explanation shall be omitted.

3. In section 15 of Part V of Schedule IV of the said Act after the word "decision" in clause (ii) *insert* the words "and the tax has been paid within the said period."

STATEMENT OF OBJECTS AND REASONS.

When all on a sudden notice of increased assessment is served on the rate-payers, as is being done now, most of them who are not in affluent circumstances are prevented from filing their revision petitions against the increase by reason of their inability to prepay the tax within fifteen days of the service of notice.

This works as a very great hardship on the middle classes when it is remembered that not a few of the revision petitions filed by their more fortunate brethren who are able to prepay the tax become successful. The object of this Act is to remove this handicap by doing away with the condition of prepayment which would afford equal opportunities to all classes for preferring their revision petitions to the Standing Committee.

As it is not expedient to enable the assessees to postpone the payment of taxes till their appeals to the Court of Small Causes are finally disposed of, provision is made for the payment of taxes assessed by the Standing Committee before such appeals are preferred.
